

In accordance with recent changes to Section 10(a)(2) of the Farm Mutual Act (“the Act”) by the Illinois General Assembly through SB 765, Marshall Mutual Insurance will be reducing its catastrophic reinsurance coverages from unlimited catastrophic coverage to “adequate” catastrophic coverage. “Adequate” catastrophic reinsurance coverage is defined in the Act. The reduction in catastrophic reinsurance coverage increases the risk retained by Marshall Mutual Insurance and therefore increases the possibility that members will be assessed.
